## DISCLAIMER

FORWARD-LOOKING STATEMENTS
This presentation contains forward-looking statements. Any statements about our expectations, beliefs, plans, predictions, forecasts, objectives, assumptions or future events or performance are not historical facts and may be forward-looking. You can identify forward-looking statements by the use of forward-looking terminology such as "believes," "expects," "could," "may," "will," "should," "seeks," "likely," "intends," "plans," "pro forma," "projects," "estimates" or "anticipates" or the negative of these words and phrases or similar words or phrases that are predictions of or indicate future events or trends and that do not relate solely to historical matters. You can also identify forward-looking statements by discussions of strategy, plans or intentions. Forward-looking statements involve numerous risks and uncertainties and you should not rely on them as predictions of future events. Forward-looking statements depend on assumptions, data or methods that may be incorrect or imprecise and we may not be able to realize them. We do not guarantee that the transactions and events described will happen as described (or that they will happen at all). The following factors, among others, could cause actual results and future events to differ materially from those set forth or contemplated in the forward-looking statements: business and economic conditions generally and in the bank and nonbank financial services industries, nationally and within our local market areas; the impact of COVID-19 on our business, including the impact of the actions taken by governmental authorities to try and contain the virus or address the impact of the virus on the United States economy (including, without limitation, the CARES Act), and the resulting effect of all of such items on our operations, liquidity and capital position, and on the financial condition of our borrowers and other customers; our ability to mitigate our risk exposures; our ability to maintain our historical earnings trends; changes in management personnel; interest rate risk; concentration of our products and services in the transportation industry; credit risk associated with our loan portfolio; lack of seasoning in our loan portfolio; deteriorating asset quality and higher loan charge-offs; time and effort necessary to resolve nonperforming assets; inaccuracy of the assumptions and estimates we make in establishing reserves for probable loan losses and other estimates; risks related to the integration of acquired businesses and any future acquisitions; our ability to successfully identify and address the risks associated with our possible future acquisitions, and the risks that our prior and possible future acquisitions make it more difficult for investors to evaluate our business, financial condition and results of operations, and impairs our ability to accurately forecast our future performance; lack of liquidity; fluctuations in the fair value and liquidity of the securities we hold for sale; impairment of investment securities, goodwill, other intangible assets or deferred tax assets; our risk management strategies; environmental liability associated with our lending activities; increased competition in the bank and non-bank financial services industries, nationally, regionally or locally, which may adversely affect pricing and terms; the accuracy of our financial statements and related disclosures; material weaknesses in our internal control over financial reporting; system failures or failures to prevent breaches of our network security; the institution and outcome of litigation and other legal proceedings against us or to which we become subject; changes in carry-forwards of net operating losses; changes in federal tax law or policy; the impact of recent and future legislative and regulatory changes, including changes in banking, securities and tax laws and regulations, such as the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act") and their application by our regulators; governmental monetary and fiscal policies; changes in the scope and cost of FDIC, insurance and other coverages; failure to receive regulatory approval for future acquisitions; and increases in our capital requirements.

While forward-looking statements reflect our good-faith beliefs, they are not guarantees of future performance. All forward-looking statements are necessarily only estimates of future results. Accordingly, actual results may differ materially from those expressed in or contemplated by the particular forward-looking statement, and, therefore, you are cautioned not to place undue reliance on such statements. Further, any forward-looking statement speaks only as of the date on which it is made, and we undertake no obligation to update any forward-looking statement to reflect events or circumstances after the date on which the statement is made or to reflect the occurrence of unanticipated events or circumstances, except as required by applicable law. For a discussion of such risks and uncertainties, which could cause actual results to differ from those contained in the forwardlooking statements, see "Risk Factors" and the forward-looking statement disclosure contained in Triumph's Annual Report on Form 10-K, filed with the Securities and Exchange Commission on February 11, 2020 and its Quarterly Report on Form 10-Q, filed with the SEC on August 7, 2020.

## COVID-19 RESPONSE

We are supporting our customers and communities affected by the COVID-19 pandemic.

- Loan payment deferral program and participation in the Paycheck Protection Program (PPP).
- As of September 30th our balance sheet reflected short-term deferrals on outstanding loan balances of $\$ 103.0$ million to assist customers impacted by COVID-19. These deferred balances carried accrued interest of $\$ 0.7$ million and the modifications were not considered troubled debt restructurings.
- As of September 30th, we carried 2,08o PPP loans with a total balance of $\$ 223.2$ million classified as commercial loans. We have received approximately $\$ 7.7$ million in total fees from the SBA, $\$ 1.2$ million and $\$ 2.6$ million of which were recognized in earnings during the three and nine months ended September 30, 2020. The remaining fees will be amortized over the respective lives of the loans.
- We waived a variety of deposit fees during the second quarter and continue to support the prompt processing of payments including such payments for non-bank customers.
- We continue to invest in, serve, and care for our communities. Local teams have made donations and purchased meals for those in need, including first responders.
- Most branches remain open with drive-through access.
- Over 90\% of non-retail staff team members are working from home with minimal impact to our operations and service levels.

## TFS TRANSACTION: DISPUTE SETTLEMENT

## STRUCTURE OF THE DISPUTE SETTLEMENT AGREEMENT

CVLG (the "Seller") has agreed to provide indemnification for $100 \%$ of the first $\$ 30$ million of any losses related to the face value of Over Advances, and for $50 \%$ of the next $\$ 30$ million of losses, for total indemnification of $\$ 45$ million.

## WHAT IS THE RANGE OF OUTCOMES TO PRE-TAX EARNINGS?

## Complete Loss Scenario

Should $100 \%$ of the Face Value be charged off the loss equals $\sim \$ 10$ million.

| Charge-Off Face Value Net of ACL | \$ (23.8) |
| :---: | :---: |
| Max Indemnification $=\mathbf{\$ 4 5 M}$ - \$31.2 NBV | 13.8 |
| Maximum Pre-Tax Loss | \$ (10.0) |
| No Loss Scenario |  |
| Should none of the Face Value be charged off the gain equals $\sim \$ 6.2$ million. |  |
| Release ACL to Income | \$ 37.4 |
| Write-off Indemnification Asset | (31.2) |
| Maximum Pre-Tax Income | \$ 6.2 |

## OTHER ITEMS OF NOTE:

- The Fair Value of the Company's stock issued exceeds the total intangibles created, but on a per share basis is 22 cents dilutive, or just over $1 \%$.
- The Company provided a Line of Credit to the Seller for $\$ 45$ million secured by $\$ 60$ million of collateral. The collateral secures the Seller's indemnification obligations, and the Line of Credit provides the Seller liquidity, if needed, to fund the indemnification.
- The payment expected from the Seller increased $\$ 2$ million from the date of settlement to September 30th, 2020. This increase was recorded in Q3 as "Other Income" to reflect the increase in the Company's stock price from the settlement date. Should actual proceeds at sale collected increase or decrease from this estimate, the delta will be similarly recorded in earnings.

[^0]:    Gross transportation revenue consists of factoring revenue from transportation clients, interest and fees from commercial loans to borrowers in transportation industries, transportation related insurance commissions, and revenue from TriumphPay. Total gross revenue consists of total interest income and noninterest income. Transportation assets include transportation related factored receivables and commercial loans to borrowers in transportation industries.
